1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

1) In the abstract, 4<sup>th</sup> line from the bottom, after " (1), (2), or (3)" , - - ; - - is inserted, and " The addition " is written as - - the addition - -.

2. The following is an examiner's statement of reasons for allowance: Rejection of claims 1-11 under 35 USC 102(b) over LeGrow et al, or Bara or EP 0 862 913 are hereby withdrawn subsequent to applicants' amendment. Inasmuch R in the instant claim is limited to between 6 and 16 carbon atoms, silicone-aliphatic hydrocarbon hybrid wax from the LeGrow reference has been excluded, as it requires high number of carbon atoms. Bara (US'277) is also requiring elastomeric solid organopolysiloxane as gelling agent, thus teaching away from the organomodified silicon oil of the formula of claim 1. EP'913 is using silicon rubber, which is not claimed herein, and hence teaches away from the instant composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
